HAUTAU

OPENS NEW DIMENSIONS

A BRAND WITH A SUCCESS STORY

It all started with the MARS® single-cord fanlight opener. This fitting gave birth to the HAUTAU brand and, in turn, the brand set the success story in motion more than 100 years ago. Company founder Wilhelm Hautau started producing his inventions in a small workshop in 1910, leading to numerous new designs and patents.

Today, you will find our products the world over and more than 300 employees in Helpsen, North Germany, who are motivated, show initiative and think outside the box. At HAUTAU, traditional values meet state-of-the-art technologies and a modern, future-focused industrial enterprise.

EXPERTISE MEETS PASSION

Nobody can know everything. But we do know what we're talking about. HAUTAU is the world's leading specialist in slide technology and window-related automation. We carry on thinking where others stop. Our passion is our solutions for window hardware. And as we like doing what we do, it is special challenges in particular which make us a strong partner.

The world slides with HAUTAU. You will benefit from our many years' experience and we will devote our energy and commitment to finding new solutions for your requirements. We wish to make your life simpler with security, user convenience and barrier-free design while providing you with ready, uncomplicated assistance based on our specialist knowledge.

WE ARE TRUE PARTNERS FOR YOU

True customer relationships are like partnerships. Partners must be able to trust and rely on one another. This is our priority and the basis for giving you advice and support as a reliable contact from the outset. We attach great importance to a long-lasting, close cooperative partnership since a lasting relationship is the only way to overcome shared challenges. Let's do it together.

Our employees consistently work to ensure your success. They are specialists in their field and are happy to pass on their knowledge to you in a cooperative relationship defined by openness, sincerity and appreciation. Efficient procedures, clear communication and prompt decisions produce custom-fit solutions for your requirements. We'll assist you without any ifs or buts.

THE HARDWARE MAKES THE DIFFERENCE

Our solutions are synonymous with added function, convenience, durability and a sense of life. Special requirements need much more than off-the-rail products; they require customised systems. This is where our strength lies. We offer you a wide variety of products with an extensive accessory range.

- Time-tested tilt and slide and parallel-retract-slide fittings
- Extensive range of lift and slide fittings and components
- Electric slide solutions
- Manual and electric fanlight hardware
- Drive solutions for windows
- Smart building and convenience elements for cross-generational living

SLIDE SYSTEMS

ATRIUM®

ATRIUM® SP komfort

The parallel-retract-slide fitting impresses with a soft-close mechanism and secure trickle vent. Open and move panels easily with a single turn of the handle. Ideal for all materials.

ATRIUM® HKS

The tilt and slide fitting for optimum impermeability. Wide opening widths up to 4 m ensure rooms flooded with light. It moves large, floor-to-ceiling panels extremely easily. Suitable for all materials.

ATRIUM® HS

The lift and slide system moves lightweight panels with narrow profiles just as precisely as extra-large panels. This lift and slide fitting will fulfil your requirements thanks to many equipment features for greater convenience, security or barrier-free design. Suitable for all materials.

PEOPLE, EXPERTISE AND QUALITY – THAT'S HAUTAU

PIVOT SASH FITTING TORNADO

The system for energy-saving air exchange. It provides maximum scope for design for round and rectangular horizontally pivoting windows made of wood and PVC.

FANLIGHT OPENER PRIMAT

The opener for all fanlights. The PRIMAT opens and closes fanlights which are not within the user's reach, no matter if they are round, oval or rectangular. Ideal for all materials.

FLEXIBILITY, CREATIVITY AND
TEAM SPIRIT – THAT'S HAUTAU

INTELLIGENCE FOR YOUR WINDOWS WINDOW AUTOMATION

Are you looking for an intelligent control system for your windows? Fully automatic, needs-based ventilation in your home which measures temperature, air humidity and CO₂ content in the air? A switch, keypad, time control, smartphone or remote control are just a few of our options available to activate motorised windows and French doors at a mere press of a button. The right solution for your life situation. The HAUTAU interface allows solutions to be integrated into your building management system.

ENTHUSIASM FOR THE PRODUCT AND
CONSTANT NEW IDEAS – THAT'S HAUTAU

PERSONAL AND CUSTOMER-ORIENTED, ESPECIALLY OUR CUSTOMER SERVICE

Each customer has different concerns. Tell us what we can do for you. We look forward to your call or visit. You can rely on prompt, expert assistance. Our field and in-house sales team is at your service.

Service at HAUTAU means personal, all-inclusive care on equal terms to ensure that you feel you are in excellent hands. We provide direct, rapid, reliable professional consultation without delay. We thus give you greater freedom to do other things. Our goal? We'd like not only to meet your expectations, but also exceed them. Our service for customers starts way before a product is sold and continues for some time after your purchase.

We can do a great deal for you. More than you expect. High quality, professional expertise and imagination are the basis for successful cooperation. However, this is not sufficient to meet our standards. We want more since we think with an eye to the future and are constantly developing further. That's why we set the barrier increasingly higher.

OUR KNOWLEDGE – YOUR ADVANTAGE

Strict internal testing procedures and external certification measures ensure our quality, improving it on a continuous basis.

Comprehensive training and seminar programmes provide you with valuable information based on practical experience for practical use. This allows you to keep up to date with the latest developments. Our PIZ Test and Innovation Centre provides a modern forum to pass on our specialist knowledge to you. You can download our product information from our website free of charge. We provide professional support and assistance in the form of documentation for installing our products and putting them into operation.

Our tools and online applications such as calculation and order placement assistants or calculation programmes deliver a precise result to you rapidly and easily.

Modern professional qualifications and study programmes will also guarantee qualified specialists in the HAUTAU team in the future. Active involvement in associations and committees ensures up-to-date expertise.

**YEARS OF KNOWLEDGE, PRACTICE-BASED
EXPERTISE AND STATE-OF-THE-ART TECHNOLOGIES –
THAT'S HAUTAU**

FROM HELPSEN INTO THE WORLD

You will find our solutions all around the world. They reliably and ceaselessly provide fresh air and a pleasant, healthy indoor climate wherever they may be.

We consciously selected Germany as our production location, supplying the world with hardware from Helpsen. This means we are also always in your local area and right where you need us since we wish to be close to our customers and their needs. Comprising our own representatives and qualified retail partners, our network ensures presence and proximity to markets thanks to direct contact persons.

Or visit us at international trade fairs and take a look at us and our products. We look forward to meeting you in person since we take customer focus seriously.
